Let's create some cool content

Meet rhixseven

Hi, I'm Rhi. It's nice to meet you. I support creatives, marketing and web agencies, community organisations, and motorsport categories in designing and implementing strategic content-led marketing initiatives.

I have over 10 years of experience in content marketing and copywriting, community engagement and events, journalism, and media, spanning traditional finance and fintech, motorsport, not-for-profit and member-based organisations, and higher education.

As a big-picture thinker, I can examine a project or initiative—from something as simple as a new landing page for a campaign to a large-scale digital content upgrade and migration—from multiple angles to identify opportunities, assess risks, and deliver results that create a positive impact.

I enjoy the creativity and data-driven detail behind creating and implementing a cohesive and successful digital content or communications strategy. I'm a passionate team player and collaborative leader.

I value integrity, thinking outside the box, and finding new and better ways of doing things. I strive to bring these values to life every day.

I hold a Bachelor of Business (Marketing) from The University of Technology, Sydney and industry qualifications in digital marketing (General Assembly), content marketing (ADMA) and copywriting (ADMA).

Motorsport Media Manager

Motorsport is one of my passions. It's competitive and male dominated, so I'm very proud of the work I've carved out for myself by never giving up and always putting my best foot forward. It's fast-paced and anything can happen during a race weekend, meaning you need to be able to adapt and make decisions quickly.

In May 2024, I took over as Media Manager for the Australian Formula Ford Series, creating and publishing all race weekend social media, race summaries and media updates. This role will continue when the season resumes this year.
